Types of studies

Case Studies

- Based on series of questions decided with sponsor(s)
- Open to higher education students
- Problem solving – encourage novel ideas
- Different methodologies used

Collaborative Studies

- Novel methodology – agreed and consistent throughout project
- Multi centred collaborative projects
- Students able to add their own “stamp”

Equine End of Life Project

3

Case Study possibility

How can the equine sector better communicate with those within and out-with the sector on key issues?”

WorldHorseWelfare

4

Next steps

- Nothing is set in stone
- We will be reaching out to NEWC to generate more ideas and look for funding
- Any research topics or question are appreciated

Happy to explore possibilities for other industries to collaborate
