

# Thoroughbred Breeders' Association

## Launch of the Stud Farm Carbon Calculator, Nov '23

- Calculate a baseline carbon footprint
- Model scenarios to reduce emissions
- Anonymous benchmarking of breeding operations

## Worm Workshop, York, August '23

Presentations and panel Q&A sessions on anthelmintic resistance, paddock management and diagnostic tests to guide wormer administration.

## Lifetime Traceability

- Whereabouts analysis – annual process
- Initiatives to support with timely compliance of General Stud Book (GSB) registration processes and legal administrative requirements
